GCC FEE SCHEDULE

(USD, Exclusive of VAT)

NOTES:

A1 type projects: The start date of the operations for such GCC projects shall be on or after the date of approval of "Project Standard (version 3)" by GCC Steering Committee and after the date of submission of a 'complete' request of registration to GCC Program. The start date of the Crediting Period of such GCC Project Activity shall be after the date of approval of "Project Standard (version 3)" but not more than one year after the start date of the operations of the GCC Project Activity.

A2 type projects: These types of projects are prompt-start and have already started their operations as on the date of approval of "Project Standard (version 3)" by GCC Steering Committee and their start date of operations shall be after 1 January 2016 but before two years after the date of approval of "Project Standard (version 3)" by GCC Steering Committee. These types of projects shall submit complete request for registration to GCC Program not later than 2 years after the date of approval of "Project Standard (version 3)". The start date of the Crediting Period of such GCC Project Activity shall be on or after 1 Jan 2016 but not more than one year after the start date of the operations of the GCC Project Activity.

B1 type projects: These types of projects include all de-registered CDM projects whose Project Owners (or Project Participants as per CDM Glossary of Terms) wish to register them with GCC, but also wish to claim additional GCC labels of E+, S+ and SDG+. The start date of the Crediting Period of such GCC projects shall be after 1 Jan 2016 and same as that stipulated in CDM Project Design Document (as uploaded on UNFCCC website).

B2 type projects: These types of projects include all de-registered CDM projects whose Project Owners (or Project Participants as per CDM Glossary of Terms) wish to register them with GCC, but do not wish to claim additional GCC labels. The start date of the Crediting Period of such GCC projects shall be after 1 Jan 2016 and same as that stipulated in CDM Project Design Document (as uploaded on UNFCCC website).
